

To whom it may concern

Please read before filling in the Adoption Form

If you are agreeable with the terms you can fill in the forms attached

Adoption is an extensive process to ensure that potential pets and their respective families are well suited and prepared for their lives ahead.

Adoption fees AED 1500 (dogs) AED 750 (Cats) include spaying/neutering, veterinary care including all updated vaccinations, micro-chipping.

Phone interviews, written questionnaires and in-person visits gather information on the potential family's history with pets, their lifestyle, habits, and their ability to take their pet back home when they return.

Adopted pets need to be kept at home NOT in cages, outside in the garden, locked in rooms, toilets and garages or tied to balconies.

All balconies must be enclosed or we do not give you a cat or dog to adopt or foster. Gates and doors are secure and the maids and gardeners are aware of the same.

We will also do home visits before and after you adopted the dog or cat from us. If at any time you have any difficulty we should be your first point of contact.

Animals and Us Fujairah is Rescue Facility with mixed breed dogs and cats. Most of the time we cannot tell what mixes they are. WE DON'T RESCUE BREEDS. WE DO NOT HAVE BREEDS. (Please do not fill in the form if you want a breed) These rescued dogs and cats need a loving home.

Being responsible for a pet requires commitment and should be considered a privilege. Similar to having children, the pet depends on the owner for their needs such as food and shelter, exercise and mental stimulation and veterinary care. When choosing to adopt a pet, the lifestyle of the owner and the pet should be compatible. Once a pet is adopted, the owner should ensure the pet is safe and well kept.

Please note filling in the form doesn't assure you of an adoption.

Regards

Ms. Michelle Francis Mathanda
